Panel: Stories of the Next Normal from our Schools, Districts, and Families

March 31, 2021
Housekeeping

- Everyone is muted upon entry.
- Use the “chat” feature to ask questions – set to “all panelists.”
- This webinar is being recorded.
- The slide deck and recording will be available within a week on our website kp.org/thrivingschools
Objectives

• Hear directly from schools, districts and parents/caregivers about how they are navigating the new normal.

• Learn what others are doing for safe and healthy in-person learning.

• Understand how to use the *Planning for the Next Normal at School* playbook to prioritize health in education.

<tbody>
<tr>
<td>Understand how to assess and improve the social-emotional health for students and teachers in virtual and in-person school environments.</td>
<td>Outline considerations for implementing systems level changes to create a safe teaching and learning environment for students and educators once school buildings reopen.</td>
<td>Address importance of and strategies to safely provide physical education and physical activity in schools whether virtual or in-person.</td>
<td>Assess the non-medical health needs of students, teachers, and families, and provide targeted resources to address food security and other needs such as economic opportunity, housing, or transportation.</td>
<td>Outline considerations for ensuring the physical, mental, and social health needs of teachers and staff as they are essential to the healthy and sustained reopening of schools.</td>
<td>Understand and utilize funding strategies to support ongoing school operations. Support student and family health needs by providing 5 key starter plays for family engagement during the school year.</td>
</tr>
